

DESIGNER HAIR

Terenzo Hairdressing Cape Town were the official stylists for the fashion shows held at the recent Design Indaba.

The International Design Indaba gathers the world's brightest talent across all the the creative industries - graphic design, advertising, film, music, fashion design, industrial design, architecture, craft, visual art, new media, publishing, radio and television and performing art sectors. The expo component of the Design Indaba provides a commercial platform for the finest South African designers to leverage local goods and services to the global market.

The expo was a gallery, a marketplace, a school and a theatre of the finest South African design. As a hairdressing salon that has an established association with the creative industries, Terenzo Hairdressing was proud to be the official hairdressing partner at the Design Indaba.

The entire Terenzo Hairdressing team was involved in the hairdressing at this show. They worked on all the shows which ran over the three days from Friday 27 February to Sunday 1 March, and enjoyed the experience tremendously. Every show was spectacular, and with top designers like Hip Hop, Stiaan Louw, I Love Leroy, Carducci, Fundudzi, Soulchild, Sway, Stoned Cherrie, Undacova and Sin, there was a wealth of fashion inspiration for the hairdressers to pick up on.

To complement these stunning garments, the team went wild, creating gorgeous upstyles and chignons that fitted in with the briefs from the various designers and would have held their own on any international catwalk. The Terenzo Hairdressing team was proud to be associated with this event, and would like to thank Jan Malan Umzingeli Productions for the opportunity. They look forward to working together with them again in the near future.
